

## Introducing Cloud Exhibit™

Online Portable Virtual Exhibit Platform

### Customized & Branded

Add or embed graphics, videos and 3D experiences to create a custom look.

### Multiple Events

Hyperlink attendees from different event platforms to your custom environment.

### Attendee Management

CRM to hold attendee data, analytics, and marketing engine to stay connected.

Connect to other platforms for a single sign on experience

Embed 3D technology to create a 360° virtual tour

Email marketing to keep attendees engaged and interested

Session management to register attendees, add to calendar & remind

**Cloud Exhibit comes online in days without the time, risk and expense of development**

Showcase multiple brands with their own sections in Cloud Exhibit.

One-on-one chat and messaging when attendees engage in the booth

Attendees can schedule meetings and get reminders to attend.

Mobile optimized for any device. Compliant with ADA and GDPR requirements.

## How Does Cloud Exhibit Change Your Event Experience?

Saves you time by not having to reinvent the wheel for a custom booth experience.

Controls how you showcase your brand with custom graphics, videos and embed code.

Generate more, higher-quality sales leads as individuals explore your custom booth.

Extends relationships by attracting prospects back to your booth even when the event is over.

Access your attendee data without waiting for the event host to provide it for you.

Showcase your expertise and demo your products in sessions you run from Cloud Exhibit.
